Thank you, CHS staff & consignors for helping us put together a fabulous lineup of horses for the final sale of the year. 210 registered buyers & hundreds of spectators gathered in Castle Rock, Colorado on November 16th at our Performance & Prospect Special. An additional 100 buyers were approved to bid online.

We believe in 100% honesty and clarity to offer the best marketing opportunities for our consignors. Below are the final results of the November Sale. If you have specific questions about the price of an individual horse, we are happy to help you - just send us a message!

106 horses were offered at the sale. 72 of those went to new homes. While this is a lower percentage sold than we usually experience (63% as opposed to our overall 2024 average of 89%), we feel confident in the buyers providing the horses sold with a bright future. Buyers were serious, with folks lined up at the door at 8am on Friday to test ride horses & interview sellers of interest. We rode & roped until 8pm on Friday evening, and it was a fun time for all!

Price Information:

The top seller was LOT 74 “Bojangles”, a 5 year old Haflinger gelding who is broke to ride & drive. He was consigned by KC & Kylie Peterson of Lewellen, Nebraska. He showed off all weekend doing his tricks for the crowd over and over! He is headed to Aurora, CO to entertain a young family forever.
