On February 22, 2025 we gathered at the Adams County Fairgrounds in Brighton, CO. It was a beautiful, sunny day to offer 100 horses at our auction!

At this sale, we offered our first ever batch of “Proven Status” horses. These horses were consigned with a veterinary examination, 5 minute riding video, and participated in a difficult riding sift on Friday when they jumped off the trailer! The horses were expected to be saddled, cinched, bridled, and immediately lope out of their tracks. All of these consignors were true to their word - there wasn’t a bobble in site! All participating consignors also expressed positive feelings about participating in the proven status sift, and were excited to add another level of legitimacy to their consignment.

We welcome all consignors & buyers to learn more about our proven status consignments on our website, and look forward to offering more this year. Included in our proven status consignments was out top seller, Lot 49 “Watch Bo Red CD” from Clay Paige in Amarillo, TX.

The following information is a summary of the sale results from February 22nd, 2025. If you have questions about the price of a specific horse, please contact us directly.

100 horses were offered, and 89 horses went on to a new home. 11 horses were “no-sales”.
The overall sale average was $5,640.
201 buyers were approved to bid, and they sure did raise those buyer cards!
